Headteacher's Message: Mrs Marks

As we reach the end of the Spring term, we are all looking forward to the Easter holidays. I would like to extend my sincere thanks to our local Imam, Imad Ud-Din, who provided a valuable opportunity for the children to learn more about the Muslim faith and to deepen their understanding of different cultures and beliefs. We were also treated to a wonderful performance celebrating Africa by Geckos Class. It was a pleasure to be joined by so many families to enjoy their show, and we were incredibly proud of all the children. Thank you to Miss Gaunt for her support in helping the children put together such a fantastic performance. I hope you all have a restful and enjoyable holiday. We look forward to welcoming you back on Tuesday 14th April as we begin the Summer term.

Class Attendance

The class with this week's highest attendance is:

Bears Class
97.04%

Emus Class
93.68%

Raccoons Class
97.23%

Penguins Class
93.92%

Elephants Class
97.02%

Yaks Class
90.87%

Training Day
Monday 13th April
(no school)

School Opens
Tuesday 14th April

Bank Holiday
(no school)
Monday 4th May

Half Term Break
25th May - 29th May

Enriching Curriculum

Nursery Team

Our Maths focus has continued with number recognition and applying this to a range of activities. Our physical skills were tested with a yoga focus and learning about how to control our bodies. A real highlight this week was welcoming our families to our craft and literacy workshop. It was wonderful to spend time together, and the children absolutely loved sharing their creativity with their parents. As we approach Easter, we have talked about the celebration of new life, just like the signs of Spring we are seeing all around us. As part of our Farming topic, we have been discovering lifecycles of plants, different crops and the variety of foods farms provide from their animals too.

Reception Team

It's been a lovely last week of term for Reception! We have all been learning about the season Spring and the celebration of Easter. Our classrooms have been full of wonderful crafts and paintings. We have been matching phonics Easter Eggs and made some lovely Easter pictures to take home. We have continued to learn sounds made of two letters including 'th, sh and ck'. We were very lucky to have some of our parents join us on Monday for our first Book Buzz. It was wonderful to see so many children enjoying a book with their adult. We have had another lovely half term and we're very proud of every child!

Key Stage One Team

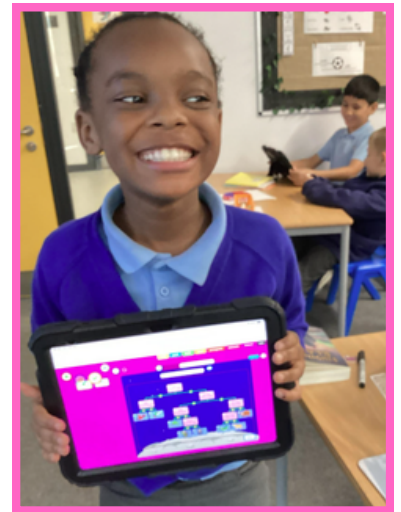

Year One have been writing their own bird spotters guide, linking to 'The Odd Egg' by Emily Gravett and Year Two have written their own poems, linking to 'If all the world were' by Joseph Coelho. In Geography, Science and RE we have been demonstrating all our current understanding through quizzes and in PE we have continued practising our yoga skills focusing on breathing and balancing.

Lower Key Stage Two Team

Year Three explored the Easter story through illustrations, focusing on key events and sequencing. In Maths, they practised column addition using manipulatives. In RE, Imam Imad Ud-Din visited, teaching about the mosque and Muslim worship. Year Four have been working hard to create persuasive brochures about a Suffolk village. In Maths, they learned to multiply and divide by tens and hundreds. In computing, they built branching databases using yes/no questions to classify information.

Upper Key Stage Two Team

The children have explored 'The Diary of Anne Frank', writing a journalistic recount from a historical perspective. In Maths, they multiplied one-digit numbers by decimals, developing their understanding of place value. In RE, they compared different Easter stories and reflected on its significance in the Christian faith.

Happy
Holidays
